

Congratulations to all the 2017 Workshop Participants

Here is what some of you had to say...

The Workshop met my expectation, the content was relevant and the questions were easy to understand.

The Facilitator was well prepared and encouraged participation.

Resources were made available and the Facilitator provided explanations throughout the Workshop.

Easy to understand, loved learning more about housing and engineering plans.

I felt the course was relevant and interesting and it is something that I can confidently get into as a new career.
